

Postal vote handling in the polling station or council office

There is now a requirement for a Postal Voting Document (PVD) form to be completed by every individual handing in postal votes in polling stations and council offices, as well as three additional packets to contain rejected votes, accepted votes, and the PVD for accepted votes. For 2024 we will be offering the relevant form and packets for separate purchase so that each authority can plan for the number of postal votes they expect to be handed in.

FORMS & PACKETS
